Travel Appointments

Appointments requiring air travel are considered **travel appointments** and are subject to the following requirements:

- **Flights:** Airfare is paid for by the client and scheduled by me to ensure appropriate travel times and arrangements.
- **Hotel Accommodations:** When overnight accommodations are required, the client is responsible for providing and paying for a **separate hotel room** for the duration of the booking.
- **Room & Board:** Hotel accommodations, meals, and applicable travel-related expenses are separate from the styling service and are not included in the appointment deposit or service price.
- **Separate Accommodations:** For privacy, safety, and professional boundaries, I do **not stay in the client's home**. Hotel accommodations must be separate from the client's residence.

Booking & Deposit

Your required deposit confirms and secures your appointment date and time.

The deposit is **non-refundable** and may be applied toward the total service balance as outlined during booking.

For travel appointments, the styling service, travel fees, airfare, hotel accommodations, meals, and other approved travel expenses are **separate charges** and are the responsibility of the client.

Travel arrangements must be confirmed and approved before the appointment is considered fully secured.

By booking a mobile or travel appointment, the client acknowledges and agrees to the travel, accommodation, and payment requirements outlined in this policy.
